Dear Christian Educator,

Delight thyself also in the LORD; and he shall give thee the desires of thine heart. (Psalm 37:4)

The 2016–2017 school year will soon come to a close. As we consider this thought, may we also take time to reflect on the spiritual landmarks and academic accomplishments that were achieved by the students in the Learning Center. What a joy and privilege it is to be used of God to touch the lives of our young people. For we are his workmanship, created in Christ Jesus unto good works, which God hath before ordained that we should walk in them. (Ephesians 2:10)

Looking forward to the 2017–2018 school year, we continue to place our trust in our Heavenly Father Who provides our every need. It is God that girdeth me with strength, and maketh my way perfect. (Psalm 18:32) Remember, He desires to continue to use us to make a difference in the lives of His children. May they become your Godly heritage—for His purposes and glory!

As you read this Accelerator, you will find encouragement and concepts to enrich your ministry in the school. You will also find the dates for the summer and fall training opportunities provided by A.C.E. for school staff: Administrators’ Training, Supervisors’ Training, and the annual Christian Educators’ Convention in-service training that is provided for all staff. Please plan to take advantage of these integral aspects of the A.C.E. program.

Each one of us needs prayerful discernment to minister to those God has placed in our lives. It will make our labor lighter and increase our effectiveness as we seek His insights in reaching our goal of true Biblical education. Call unto me, and I will answer thee, and shew thee great and mighty things, which thou knowest not. (Jeremiah 33:3)

A servant of Jesus Christ, for the children’s sake and His glory,

Esther Howard, D.Litt.
President

Announcement:

Accelerated Christian Education is pleased to announce that it is expanding its digital reach. While the A.C.E. website and web store have been the source of information for countless schools and homeschool families, the changing landscape of computers, tablets, and cell phones has prompted a major overhaul of our web platform. To meet these needs, A.C.E. is adding several new websites and expanding into other online venues.

Websites

In an effort to provide timely, up-to-date information to our customers, A.C.E. is dividing its existing website into several smaller ones. This will give you separate web addresses to easily find the information for which you are looking. Staff training, student programs, assessments, Lighthouse Christian Academy, and Accelerated College of the Bible International (ACBI) will all have their own sites and URLs. Navigation tools at the top and bottom of each page will allow users to easily switch from site to site.

This will help to highlight more segments of the programs offered by A.C.E. Instead of hunting for a button for CEC training dates on the old site, staff training now has its own site. Events such as International Student Convention and Regional Student Conventions can be found on the Student Programs website.

These sites will also have better accessibility from your mobile devices. As the capabilities of cell phones and tablet computers have grown in leaps and bounds in recent years, people are turning to portable devices for information rather than traditional desktop computers or laptops.

A.C.E.’s websites will incorporate this mobile responsive framework that allows each site to size down and be viewed on a portable device. Watch the archives of the ISC rallies, read about the latest 4th Edition PACEs being released, or order materials from the A.C.E. Distribution Center from your phone or tablet.

Web Store

One of the most noticeable changes coming in the near future will be a new A.C.E. web store. The web store will incorporate a fresh, modern look with photos of products, a crisp user-friendly interface, and ease of ordering.

continued on page 2
Web Expansion—A.C.E. Extends Its Digital Presence

Other features will include searching by subject, course, required resources, recently viewed items, featured products, or level. PACEs will also be available as sets (an entire level).

Not ready to order yet? Then the new site will allow customers to save products from your shopping cart to “Add to Wish List.” An easy-to-use shopping cart will add simplicity to your ordering experience.

Social Media
Creating new websites is not the only venture being pursued. A.C.E. has also created a Social Media Department. Through social media we can offer information on several different platforms, such as Facebook, Instagram, Twitter, YouTube, and Google+.

Why is it that one day we’re up and the next day we’re down? We’re happy, then sad; we carry a smile on our face, and the next day we carry a frown? Too often we base our happiness on happenings—what is happening in our lives. In 1 Peter 4:12 we read, Beloved, think it not strange concerning the fiery trial which is to try you, as though some strange thing HAPPENED unto you. Notice the word HAPPENED. Trials and troubles come and we say, “What is happening to me? Why is this coming my way? Why am I suffering?”

In 1 Peter 3:14 we read, But and if ye suffer for righteousness’ sake, happy are ye: and be not afraid of their terror, neither be troubled. But how can we be happy in the midst of suffering?

One of the 30 newly added character traits of Christ is HAPPY. A.C.E. defines this character trait as: Enjoying the satisfaction of life that is in harmony with God’s will, plan, and purpose for my life. Too often we base our happiness on outward circumstances—things that HAPPEN to us—rather than on the internal satisfaction that our lives are in harmony with God’s will, plan, and purpose. Did it ever occur to you that nothing ever occurs to God? Your troubles or trials did not take God by surprise. God works by design and purpose.

Things do not just happen with God. Some trials are of our own doing because of poor decisions and actions on our part. For whom the Lord loveth he chasteneth, and scourgeth every son whom he receiveth. (Hebrews 12:6)

Oftentimes God allows certain things to come into our lives to purify us and make us more fit for the Master’s use—as gold tried in fire. God may allow events in our lives to achieve His purposes. And we know that all things work together for good . . . . (Romans 8:28) For our good and for God’s glory! Trials that come into our lives are not designed to make us bitter but BETTER! Through whatever trials and tribulations that come, we can be happy in the Lord when we have the satisfaction that our lives are in harmony with God’s will, plan, and purpose.

Notice 1 Peter 4:13 and 14: But rejoice, inasmuch as ye are partakers of Christ’s sufferings; that, when his glory shall be revealed, ye may be glad also with exceeding joy. If ye be reproached for the name of Christ, HAPPY are ye . . . . When you are living for God and suffer persecution, trials, and troubles, know that Christ also suffered as He went to the cross to pay for our sin. When you suffer, you suffer with Him.

Through it all you can be HAPPY because your life is in harmony with God’s will, plan, and purpose, and you can joyfully sing, “Happiness is the Lord!”
Biblical Educational Standards

As a parent you definitely want the best for your child in the realm of education. Your child is the most precious gift God has given you. Should you not desire excellence in the educational system, which forms his basic outlook on life?

In Proverbs 23:24 we see that “The father of the righteous shall greatly rejoice: and he that begetteth a wise child shall have joy of him.” In order to become righteous and wise, each child needs to be endowed with a foundation based on Scripture. Accelerated Christian Education incorporates Biblical principles, academic excellence, character training, and spiritual growth, combined with high scholastic standards. These elements will prepare your child for the world today and give him the tools necessary to succeed in the future.

A.C.E. was formed in 1970—not only to meet the academic needs of children but also to provide Godly character training. The result was a system that helps churches and parents train young people spiritually and academically, a curriculum that focuses on God’s plan for each individual child. The basic principles of A.C.E. assure the parents of a solid, mastery, back-to-basics education for their child by diagnostically meeting a student’s specific learning needs and capabilities. The curriculum incorporates character-building exercises, personal goal setting, and critical thinking skills into daily learning.

Accelerated Christian Education’s concepts are based on the following:

**Five Basic Laws of Learning**

1. A child must be at a level where he can perform.
2. He must have reasonable goals.
3. His learning must be controlled, and he must be motivated.
4. His learning must be measurable.
5. His learning must be rewarded.

For nearly five decades, personal testimonies of graduates confirm the spiritual and academic excellence of the Accelerated Christian Education program. By stressing the God-given uniqueness of the individual student, A.C.E. provides the standards and groundwork on which a successful life is built. Godly character qualities, diligence, and goal setting instilled in the student while in the A.C.E. program set an exemplary course for the graduate to follow, which includes entry into higher educational institutions, the business world, and in training of future generations. The global presence of A.C.E. verifies the uniqueness of the program. It meets students’ needs. With over 6,000 schools and thousands of homeschools in over 140 countries, A.C.E. has demonstrated its dedication to provide quality education to parents and administrators throughout its 47 years of ministry.

The goal of A.C.E. is the same today as it was from its beginning: to prepare children for the world today and give them spiritual and academic tools necessary to achieve their God-given potential.
Mr. Rondeau has experienced many aspects of Accelerated Christian Education over the last 30 years. In addition to attending a school using the A.C.E. curriculum for many years, Mr. Rondeau also graduated with a triple major from the International Institute, served as a supervisor and principal at a school in Massachusetts, and is an A.C.E. assistant ministry representative for the Northeast Region.

“I grew up with Ace and Christi and the PACEs and the whole gang, and I understood how it was,” Mr. Rondeau said during a rally at the 2016 International Student Convention. “I have been participating in (student) conventions in one way or another for about 23 years now.”

From his experiences, Mr. Rondeau said he remembers how one particular ISC and a specific English PACE helped him to find direction for his life.

After receiving training at the International Institute, Mr. Rondeau said he wanted to “go back home and be a supervisor in a Learning Center.” For the last 17 years, he has served in that capacity. His wife also graduated from the International Institute.

While Mr. Rondeau said he has been called to serve on the pastoral staff and in the Christian school at his church, he had different aspirations in his younger days. As a young teenager, he aspired to become a professional basketball player.

“I got a basketball and I dedicated myself to practicing basketball all the time,” he said. “Snow, rain—it didn’t matter. I’d go outside. I’d shovel the snow. I’d play until I couldn’t feel my hands anymore. I’d go inside. I’d warm them up. I’d go back outside, I’d shoot the basketball some more.”

At the age of 15, Mr. Rondeau began to sense that God had a different plan for his life. “Through a series of events, God began to get my attention.” One of these events was at the 1994 International Student Convention in Lafayette, Indiana, at Purdue University. “I looked around and my mind was blown away when I saw thousands of young people all around me. I looked around and thought . . . there are still some young people who have not bent their knee to Baal and have said yes to the Lord. I was amazed.”

It was at that point that Mr. Rondeau began to ask God what He wanted him to do. “As soon as God got my attention, I wanted to get His. So when I heard the Lord say, ‘Whom shall I send? Who will go for me.’ I said, ‘Hey, here am I, Lord. Here am I.’”

Despite his surrendering to the will of God, Mr. Rondeau said he didn’t know what direction to go next. “I would say, ‘Lord, what do you want me to do? You’ve got to tell me. If you don’t tell me what to do, how am I going to prepare? How am I going to serve you?’”

The answer to his questions came through an illustration in an English PACE. “God used Ace and Grandpa Virtueson to help me out. I was sitting down in my student office going through my English PACE (1116), and there in the Wisdom Pac, Ace Virtueson is frustrated by the same exact thing that I was frustrated with. He did not know what God wanted him to do yet. So, Grandpa Virtueson said, ‘Here’s what you do: you don’t worry about tomorrow. You serve the Lord now, and He’ll show you what He wants you to do.’”

“So right there in my office, I bowed my head and said, ‘OK, Lord, I’ll stop pestering you and I’ll just serve now.’ It wasn’t too much longer that God showed me I should go into Christian education.”

Along with his call to ministry, Mr. Rondeau said he has had a close bond to A.C.E. “A big part of the blessings of my life have been because of my connection to the ministry of A.C.E. My wife and I are passionate about Christian education. We have often said that we would sell our house and live in a ditch before we would allow our children to have an education that was devoid of Christ . . . . It’s just a blessing to be able to be a part of this ministry.”

Your Ministry Service Agreement* outlines the responsibility of school administration to assure all staff are trained in the philosophy and methodology of A.C.E.

- All administrators attend training in Tennessee.
- All Learning Center supervisors attend Supervisors’ Training conducted by your local Ministry Representative.
- All paraprofessional staff (anyone else in contact with students during the school day) attend training conducted by the administrators at your school.
- All staff attend the fall Christian Educators’ Convention.

A.C.E. and your Ministry Representative highly recommend Supervisors’ Training before serving in the Learning Center and every three years thereafter. School staff who have repeated training after their first year in the Learning Center have learned so much more than they did before going into the Learning Center. They learned better what to do, what not to do, and what really works better. Make plans to get your updated training with Procedures Manual I and II.

*Training:

1. The senior pastor and administrative staff (administrator or principal) must complete A.C.E. Administrators’ Training prior to school opening and every three to five years thereafter.

2. All school personnel shall complete the appropriate level of A.C.E. training prior to assuming Learning Center responsibilities.

3. Administrators shall attend annually the A.C.E. Christian Educators’ Convention with their school staff. Failure to fulfill all training requirements may result in immediate revocation of any discount granted as a result of this Agreement.

ACBI Open to Supervisors and Monitors

ACBI is opening enrollment to its one-year and two-year programs to adult learners who have a minimum of five years’ experience as an administrator, supervisor, or monitor. This also includes pastors who are actively involved in a school using the A.C.E. curriculum.

The course material for ACBI’s one-year Certificate of Training in Christian Education and two-year Associate of Applied Arts degree are ideal for Learning Center staff who would like to expand their educational knowledge base to help students. The newly revised college courses will sharpen skills and provide information based on the Bible that you can use to help disciple your students.

These degrees may be earned from home, using the same PACE methodology that your students use. Part-time students may enroll in one course at a time. Register by June 5 to take a course during the summer break.

ACBI is also looking for Model or Quality Status graduates who are interested in enrolling in ACBI. Prospective students should complete an enrollment agreement for the first semester. The $100 enrollment processing fee will be waived for all enrollment agreements received by July 31. There are also several scholarships available.

Courses Offered by ACBI

PACEs Without Borders

Accelerated Christian Education (A.C.E.) continues to extend its boundaries into different countries. At the birth of this ministry, A.C.E.’s founders did not realize how far God was going to use this program around the world. As they assisted and encouraged pastors to educate students, they began to sow seeds of the Gospel through Christian education. Just as in the parable of the sower, they faithfully went through open doors and trusted God for the harvest, not realizing how much God would multiply their efforts.

God is using A.C.E. to change lives through individualized, Biblically based learning. We covet your prayers as we continue to grow and reach more countries. We desire to be found faithful and true to the calling God has placed on this ministry.

And let us not be weary in well doing: for in due season we shall reap, if we faint not. Galatians 6:9

Each year we continue to hear about new school starts in countries new to our program. Today A.C.E. has students learning from the program in more than 140 countries. Pray for us as we continue to reach countries that do not necessarily welcome the Gospel. Pray for the leaders that risk their lives to reach one child at a time for Christ through Biblical education.

Summer is nearly here and A.C.E. has resources to help students keep up their reading skills while encouraging them to remember the character traits of Christ.

These resources provide students with productive, positive reading that entertains and promotes character. They are also ideal for your school library and for summer school programs. These books can be used to start a Summer Reading List in your school. Congratulations Slips can be used as a tangible reward.

The characters in these resource books give students someone they can relate to and someone whose life they can use as a pattern. The characters have a wide variety of ethnic and family backgrounds.

Most important, the A.C.E. Christian characters provide patterning for Godly character development. These characters give students the opportunity to learn how to deal with testing, temptation, and personal accountability. In this way a child can come to recognize sin without experiencing it and to see purity of mind and body as emphasized in Philippians 4:8.

See the A.C.E. web store for a complete listing of Required and Recommended Resources.
